

A banner image showing a woman with curly hair smiling in a workshop. In the foreground, there is a green, lattice-patterned 3D printed object hanging from a stand. The background shows a computer monitor and shelves with various items.

3DEXPERIENCE SOLIDWORKS for Makers

Professional design tools for hobbies and personal projects. Easy to learn, fun to use, and only US\$99 a year or US\$9.99 a month*

Dassault Systemes Solidworks Corporation is a partner of Fab Labs and Academany, providing world-class 3D Design and Engineering software through a unique sponsorship program with MIT's global Fab Lab network.

I am a Fab Lab. How can I access what SOLIDWORKS has to offer?

If you are fab lab **located within the pool of countries** listed below, we invite you and your makerspace to join the **3DEXPERIENCE SOLIDWORKS for Makerspaces** program by Dassault Systèmes:

Countries: Algeria, Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Ireland, Italy, Japan, Luxembourg, Morocco, the Netherlands, Norway, Portugal, Spain, Sweden, the United Kingdom, and the United States. More countries will be added soon.

Through the program, your fab lab manager, staff and members can receive **Special pricing for 3DEXPERIENCE SOLIDWORKS for Makers** - a collection of professional, fun to use cloud based 3D design tools (including 3DEXPERIENCE SOLIDWORKS Professional, 3D Creator, 3D Sculptor, NC Shop Floor Programmer, Rendering, and more) that can be used on any device from wherever you want, in your fab lab or from the comfort of your homes.

Now staff and members of your fab lab can all work on their hobbies and personal projects and connect to a world of inspiring makers from across the world:

- 1 subscription license at **100% discount (TOTALLY FREE)** for the Fab Lab Manager (\$0/year)
- Up to 2 subscription licenses at **50% discount** for your technical staff members (\$49.99/year)
- Up to 20 subscription licenses at **20% discount** for members of your makerspace (\$79.20/year)

In addition to this, manager, staff and members of your fab lab can join **MAKERS | Made in 3D Community** and get access to a set of Associate-level Certifications from SOLIDWORKS for FREE. To join the community, click [here](#)

Also, Get FREE access to **SOLIDWORKS Apps for Kids**, an online app for kids to turn their imaginations into reality. To learn more, click [here](#)

To know more about **3DEXPERIENCE SOLIDWORKS for Makers**, click [here](#)

How to Apply?

To get your makerspace started with the **3DEXPERIENCE SOLIDWORKS for Makerspaces** Program and receive these discounts, [Ask your Fab Lab Manager](#) to fill the application form below. We will verify the information you provide here and will send your Fab Lab Manager an Acceptance email containing the discount codes for your makerspace.

What if I am a Fab Lab located outside the pool of countries listed above? How do I get access to SOLIDWORKS?

If your fab lab is located **outside the pool of countries** mentioned above, you can apply for SOLIDWORKS Sponsorship, through which your Fab Lab will receive 1 Commercial license of SOLIDWORKS Premium Software.

In addition to this, if your fab lab hosts Academany (Fab Academy or/ and Fabricademy), you will receive 1-10 seat network license of SOLIDWORKS Education Edition software for teaching and training. Please apply for the sponsorship below. Once you have applied, instructions for downloading software will be sent via email to your Fab Lab Manager. Please allow two weeks for delivery.
